

THORNBURY CASTLE

◇ WEDDINGS ◇

Welcome to our castle ♦

Dating back to 1510 Thornbury Castle was once the honeymoon destination to none other than Henry VIII and Anne Boleyn. Set on the edge of the Cotswolds, within stunning grounds and walled gardens, our Tudor castle offers the perfect backdrop for a fairy-tale wedding.

Whether you're looking for a grand showstopper on your big day allowing you exclusive use of the whole castle and its grounds, or a more intimate celebration with a handful of loved ones, our team are ready to help you create a truly magical day.

Our history ❖

The castle was constructed by Edward Stafford, the only man to rival King Henry VIII's wealth and status at that time. It was a display of wealth and ambition that Henry did not take kindly to, and after Stafford was found guilty of treason, the King took control of the castle he so coveted.

Getting ready for the big day ✧

What could be more perfect than waking up in the castle on your wedding day?

Our gift to you is a complimentary bridal suite the night prior. Enjoy breakfast in bed and bring all of your bridesmaids together for hair & make up with a bucks fizz. Our suites have everything you need to start your special day in style with a wealth of space for your photographer to capture those special moments.

The ceremony ◇

Say 'I do' in a truly unique setting that's perfect for you.

Choose between the elegant large church adjacent to the castle, timeless rose garden with quaint gazebo, historic Tudor hall or intimate library. Our wedding team can discuss the best options for your party size.
